MANAGING DIRECTOR'S MESSAGE

After a relatively stronger growth in 2018, there were predictions of 2019 faring better economically. However, surrounded by rising uncertainties, the global growth rate for the FY 2019-20 recorded a downward slide. Just when the year was nearing a close, the outbreak of Covid-19 pandemic sent shock waves across the globe. With a public health crisis taking over the world, all the social, economic and financial structures across the globe were disrupted. Lockdown across economies, to mitigate the spread of the virus, brought all business activities to a screeching halt, severely damaging the global economy.

The FY 2019-20 proved to be challenging, especially in the second half of the year owing to factors like overall slowdown in the economy, weak rural growth and the Covid-19 pandemic that severely affected trade and commerce everywhere, India being no exception. The series of fiscal stimulus measures taken by the Government and Central Bank, will aid the Indian economy to grow at a healthy pace. Even though the external environment impacted our growth, but we drew upon our advantages and maintained our market shares across all our brands. Also, we prioritised safety and well-being of employees, ensuring business continuity while adhering to all the relevant Government guidelines.

India drives demand as the 3rd largest consumer market globally. The country's furniture market size was USD 21 bn in 2018 and is anticipated to reach over USD 31 bn by 2024 (*Source: TechSci Research Report*). The growth, as projected, will be riding the back of level-playing field for the sector as the exemption limit is restricted to ₹ 20 lakhs, a move from unorganised sector to organised sector. Further, the demand for plywood, MDF boards and laminates is likely to remain strong with the Government's push on infrastructure and low-cost housing will augur well for the industry. The Government have also initiated anti-dumping duty on MDF imports and raised the customs duty on furniture imports.

However, post-Covid-19 the trend is more likely to move towards ready-made furniture as people will not prefer calling carpenters at home. The Indian Work From Home (WFH) furniture market is projected to grow from an estimated USD 2.22 bn in FY2020-21 to USD 3.49 bn by FY2025-26 (*Source: Businesswire*). The growth will be majorly driven by rising number of companies providing an option of doing WFH to their employees coupled with growing number of IT companies adopting cloud-based solutions. Besides, consumer preference for superior quality products, increasing urban population, growing internet connectivity and rising disposable income are few other factors that are positively influencing the market. Also, with millennials turning into the decision-makers and consumers, the demand for modular and elegant furniture is witnessing a phenomenal growth. People are increasingly and willingly spending more on experience, customized products, and time-saving services.

Backed by sound performance across all our segments, we continued growing consistently and profitably during the year 2019-20. The right execution of our strategy, supported by the effort and collaboration of our associates, helped us accomplish favourable results. This motivated us further to focus on the future of our business.

Overall Business Performance

Our strategies and steady performance help us grab opportunities, the progress of which is reflected in our results. During the year 2019-20, the Company's performance was stable. The total revenue marginally decreased by 3% from ₹ 352.23 Cr in 2018-19 to ₹ 339.13 Cr in 2019-20. While EBIDTA registered a growth of 11.59% from ₹ 45.14 Cr in 2018-19 to ₹ 40.45 Cr in 2019-20 and EBIDTA Margin stood at 11.93%. PAT witnessed growth of 60% from ₹ 14.33 Cr in 2018-19 to ₹ 23.05 Cr in 2019-20 driven by tax benefit while PAT Margin stood at 6.80%.

Our stable performance along with financial discipline, is what determines the path of our success. It motivates us to excel at every stage. It drives us to constantly earn the confidence of the shareholders and pay them back through dividends, which for 2019-20 was ₹ 0.50 per share.

Corporate Social Responsibility

I want to reiterate that we care deeply for our people and the communities in which we operate. CSR has been a longstanding commitment at RDL and forms crucial part of the Company's activities. Our objective is to proactively support meaningful socio-economic development. Our key focus area for CSR activities include education, health, animal welfare, rural development projects and eradication of poverty & hunger, among others.

Our Employees

A high degree of organisational agility, brilliance, customer centricity and effective cost are some of the key indicators of success. But to drive business growth in a sustainable manner, the role of people is above everything else. Our employees' engagement and their dedication in achieving our goals is deeply valued. We sincerely appreciate their undeterred hard work and contributions that ensure our growth and success.

Going Forward - Our Strategy

Our '4F' strategy forms the foundation of business. It is built around the four pillars of organic growth, operational improvement, strong financial position and innovative products. During the year, we continued moving ahead with the '4F' strategy in mind. The focus is to further penetrate the existing markets through multiple channels. Multi-segment and multi-channel presence have played a pivotal role in helping us capture larger market share in South India. We are diversifying our geographical presence by expanding into the Eastern markets. Moreover, we will continue offering eco-friendly products through responsible sourcing of wood. Our previous year's efforts towards expanding our services, improving customer focus and increasing productivity have helped us create a stronger and more resilient company.

In Conclusion

We remain committed to full compliance with the highest ethical and legal standards. Our efforts are constantly guided towards generating value and certainty for all our stakeholders. I sincerely appreciate our associates for the magnificent work they have done. I also wish to thank our strategic partners for their essential support, our shareholders and customers for their constant loyalty and confidence. Together we can achieve the best of standards and our collective efforts allow us to remain steady even in such turbulent times.

Warm Regards,

Krupesh Thakkar

We stand at a point when we have earned the trust of consumers and other stakeholders through the integrity of our promise and the quality of our products that delivers value. Our aim is to retain the trust and transform our strategy for the future.

TRANSFER TO RESERVES

The Board of Directors of your company has decided not to transfer any amount to the Reserves for the year under review.

DIVIDEND

The Board of Directors of your company, in its meeting held on 30th day of July, 2020 has recommended a final dividend of ₹ 0.50 (Fifty Paise) (@ 5%) per equity share of

the face value of ₹ 10/- each fully paid up for the financial year ended 31st March, 2020, subject to the approval of the Members at the ensuing 26th Annual General Meeting. The Final dividend is payable to those Shareholders whose names appear in the Register of Members as on the Book Closure / Record Date.

INDUSTRY OVERVIEW

Company has two main business segments, i.e. MDF and laminates. In FY 2019-20, MDF contributed 49.78% of Company's revenue and laminates contributed 48.68% of revenue. During the year, new capacities were added in Thin and Thick MDF Industry which ultimately result in aggressive price cuts. The price cut was largely driven by incremental capacities coming on ground mainly in North and South India.

This very badly impacted to the industry volumes as the dealers were anticipating further price cut by other Companies thereby maintaining thin inventories in the business.

It was ultimately triggered to lower realisations and significant margin pressure in the MDF segment.

Our new MDF Board production plant will come in operation in the South India (Andhra Pradesh) with additional capacity of 800 CBM per day. This is expected to substitute imports in a big way due to logistical savings and a depreciating INR. It is also expected to take position of plywood because there is very big gap between utilisation of plywood and MDF Board.

GLOBAL PANDEMIC – COVID-19

The COVID-19 pandemic has caused an unprecedented global recession with adverse consequences on unemployment and poverty. Rolling lockdowns and social distancing restrictions on account of the pandemic are expected to significantly impact economic activity in all major markets, and cause demand compression.

Further, Due to COVID-19 pandemic there is significant market reaction in the Manufacturing Industry as all the manufacturing units, branches of the company were closed during the Lockdown period and also there is loss of production capacity as well as the transportation, warehouse and other utilities related to production were also adverse to the Company's revenue. The outbreak of Coronavirus (COVID-19) pandemic globally and in India is causing significant disturbance and slowdown of economic activity.

Board's Report (Contd.)

COVID-19 is significantly impacting business operation of the companies, by way of interruption in production, supply chain disruption, unavailability of personnel, closure / lockdown of production facilities etc. On March 24, 2020, the Government of India ordered a nationwide lockdown for 21 days which further got extended to prevent community spread of COVID-19 in India resulting in significant reduction in economic activities.

Despite the threat posed by COVID-19 pandemic, the Company apprehends to retain a competitive position in the market by leveraging its brand image and quality products. Further, based on the latest report of UNCTAD it is expected that the course correction of economic recovery in India will be smoother and faster than that of many other advance countries.

Management Discussion and Analysis

OVERVIEW OF INDIAN ECONOMY

India saw a decline in its growth rate from 6.1% in FY2018-19 to 4.2% in FY 2019-20. The slowdown was attributed to weakened investments, slow domestic consumer demand and turbulence in the non-banking financial industry. Early signs of improvement were visible at the end of 2019 and momentum was building up in January and February 2020 following good harvest and positive trends in consumption. This was engulfed by the Covid-19 pandemic and consequent nationwide lockdown measures implemented in latter part of March 2020. The virus not just affected human health, but also severely impacted businesses and the society at large. With a prolonged countrywide lockdown, global economic downturn and associated disruption of demand and supply chains, the economy is likely to face a protracted period of slowdown.

In response to combat the Covid-19 impact various measures have been initiated by the Government announced a financial stimulus of about ₹ 20 trillion, accounting for 10% of GDP. The package aims at promoting self-reliance in India through the 'Atmanirbhar Bharat Abhiyan' and urges the country to choose 'Made-in-India' products and brands over their foreign made counterparts. This is expected to provide support to national consumer facing brands providing value products additionally, initiatives were also taken to support the banking system, ease credit availability, and revive consumption through reforms in corporate and personal tax norms. Along with this the recent decline in oil prices will help in lowering the import bill and provide a cushion to various industries having oil as their raw material.

OUTLOOK

India's GDP is expected to contract in FY 2020-21, attributing the downward revision to Covid-19 induced supply-demand shocks. Although, the Government's commitment towards structural reforms and social welfare measures will help in economic recovery. Further, resolution for Atmanirbhar Bharat along with collective effort of all stakeholders will contribute to rebuilding a strong and vibrant economy.

1. Industry Structure and Development

The wood panel industry comprises plywood sheets, engineered wood panels (MDF - Medium Density

Fibre board and particle board) and decorative surface products such as laminates. According to Globe Newswire research report, Indian furniture market is estimated to cross US\$ 32.61 Bn in 2018 registering a CAGR of 13.38% over 2018-2023. Furthermore, the market is predicted to garner US\$ 61.09 Bn by the end of 2023. The furniture market can be segregated into two segments: residential and commercial. The residential segment commands a larger share and is expected to witness a CAGR of 14.16% over 2018-2023. The commercial segment accounts for the rest and is expected to witness a CAGR of 13.32% over 2018-2023.

The Covid-19 situation has put a temporary halt in the overall demand. It can have a domino effect on the entire wood panel industry deeming that China plays an important role in the entire supply chain. The supply of PVC laminates, decorative laminates, floorings, PVC board additives and machineries may be impacted in the medium term.

MEDIUM DENSITY FIBREBOARD (MDF)

In India, MDF board is considered as an ideal substitute for low-end plywood. It is one of the rapidly growing wood panel products and is projected to outpace the plywood industry growth. It has penetrated in every region through demand growth and expanding manufacturing capacities. The upsurge in timber costs has further raised the demand for domestically produced MDF. As a result, the capacity utilisation of the MDF produced in India reached 55% in the second half of the year against 40% registered at the beginning of the year. Moreover, declining imports owing to higher overseas prices is further going to aid the growth of MDF going ahead. The Directorate General of Trade Remedies has also initiated the anti-dumping duty investigation concerning imports of plain (thin) MDF boards having thickness of less than 6mm originating from Vietnam, Malaysia, Thailand and Indonesia.

The outlook for MDF board remains optimistic underpinned by rapidly changing markets and plywood and wood getting expensive. In addition, it comes with better finishing which in turn will help in offering value-added products.

LAMINATES

The global decorative laminates market is expected to be valued around USD 91,015.03 Million by 2025, registering a CAGR of 5.30%. Decorative laminates are an appealing and safe way to keep the interior stylish as well as protect furniture from wear and tear, scratching, and fire risk. It further helps in increasing the surface life span of the product with an eye-catching finish. Decorative laminates products can be segmented into two types: high-pressure laminates (HPL) and low-pressure laminates (LPL).

HPL are more durable and tough as it is derived from phenol resin and Kraft paper. They are more preferred for application on countertops, flooring, and desktop due to fire and chemical resistance properties. The rising demand for sustainable and long-life flooring in the residential and institutional sector will propel the product demand.

On the other hand, LPL is also known as thermo-fused melamine that used for vertical surfaces and low traffic areas owing to medium density fibreboard substrate. They are less preferable as compared to HPL owing to limited finishes, designs and short lifespan. Nonetheless, the low cost is expected to entice customers with limited income and short-term interior purpose.

The laminate industry has traditionally remained largely unorganised. Although, premiumisation and stricter implementation of GST / e-way bill will persist to be challenge for the unorganised players. The concept of shop to showroom is gaining traction with evolving tastes and style. Thus, impending market share shift from unorganised to organised in the medium to long term.

POLY VINYL CHLORIDE (PVC)

The PVC laminate is very versatile and apart from furniture it can be used in building and constructions, automobile, healthcare and other sectors. It is one of the preferred products in the construction industry as they are thin, flexible as well as strong. The demand for PVC is anticipated to register a CAGR of 6.81% over 2019-2030 from 2,888 kilo-tonnes per annum (KTPA) in 2018 to 6,779 KTPA by 2030. In addition, PVC laminate market has touched 4.5 Lakhs sheets every month. Some of the factors that will drive demand for PVC laminates in coming year are expanding agriculture sector combined with infrastructure development, rapid industrialisation and rising urbanisation, among others.

(m) Outstanding GDRS / ADRS / Warrants or any Convertible Instruments, conversion date and likely impact on equity: NIL

(n) Commodity price risk or foreign exchange risk and hedging activities:

In order to manage the Company's Foreign Exchange exposure towards exports, imports and foreign currency liabilities, the board in every quarter discusses about the foreign exchange exposure and takes appropriate actions to control the Foreign Exchange Risk. For managing the foreign exchange risk, the Company hedges on regular basis the net outstanding of foreign currency exposures to mitigate the foreign currency risk.

In the Financial Year 2019-20, the Company hedged the Foreign Exchange by taking Plain Vanilla option, forward contract and other similar options to mitigate adverse movement of foreign currency, if required. The unhedged foreign currency exposure has a natural hedge. Thus, Company is reducing the majority of foreign exchange risk by proper planning.

Company has not any direct impact of Commodity price movement like major fluctuation of crude prices. However, it has an indirect impact on the Company since some of our chemical consumption is connected with crude prices and Company is taking required steps for that.

Independent Auditors' Report

To the Members of **RUSHIL DECOR LIMITED**

REPORT ON THE AUDIT OF THE STANDALONE IND AS FINANCIAL STATEMENTS

Opinion

We have audited the accompanying standalone Ind AS financial statements of **M/s RUSHIL DECOR LIMITED** ("the Company"), which comprise the standalone balance sheet as at 31st March, 2020, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting standards (Ind AS) specified under section 133 of the Act, of the state of affairs (financial Position) of the Company as at 31st March, 2020, and its Profits (financial performance including other comprehensive income), its Cash flows and changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act.

Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act, and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note 52 in the accompanying standalone Ind AS Financial statements of the Company which describes the management's assessment of the likely impact of uncertainties related to outbreak of COVID 19 global pandemic on the operations of the Company.

Our opinion is not modified on the above matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Independent Auditor's Report (Contd.)

Key Audit Matters:

1. Revenue Recognition

Refer Note 49 to the standalone Ind AS financial statements

Description of Key audit Matter	Our response and results
<p>Revenue of the company comprises of sale of industrial and decorative laminates and sale of medium density fiber boards (plane and pre laminated) to its domestic and international customers. The company sells its products through a network of distributors and dealers in the relevant markets and a part of the sales is also made as institutional sales/project sales directly to the end use customers.</p> <p>Revenue recognition is a significant audit risk across the company. Specifically there is a risk that revenue is recognized on sale of goods before the control in the goods is transferred.</p>	<p>Our key audit procedures to assess the recognition of revenue on sale of goods included the following:</p> <ul style="list-style-type: none"> We assessed the appropriateness of the Company's revenue recognition policies, including those related to discounts and incentives; We obtained an understanding of process and assessed the design, implementation and operating effectiveness of management's key internal controls in relation to revenue recognition from sale of goods. We also tested the Company's controls over timing of revenue recognition; We also tested, on a sample basis, whether specific revenue transactions around the year end had been recognized in the appropriate period on the basis of the terms of sale of the contract, particularly with reference to the transfer of control in the goods in question with regard to the year end transactions. We inspected key customer contracts/ purchase orders to identify terms and conditions related to acceptance of goods and the right to return and assessing the Company's revenue recognition policies with reference to the requirements of the prevailing accounting standards;

2. Delay in commissioning of the Andhra Pradesh MDF Project:

Description of Key audit Matter	Our response and results
<p>The company is in the process of implementing a Greenfield Project involving setting up of a plant for manufacture of thick as well as thin MDF at Achutapuram in Andhra Pradesh with an installed capacity of manufacture of 800 CBM per day of MDF Boards. This project was earlier scheduled to be commissioned before 31.03.2020. However, on account of the impact of Covid-19 Pandemic in the early part of last quarter of FY 2019-20 in countries like Germany and China, where the suppliers of the principal equipments are located, there were delays in the nature of last mile delays in commissioning of the said project and now as informed by the company, the commissioning has been deferred to the next fiscal year and the said project is likely to be commissioned somewhere in the last quarter of fiscal year 2020-21. As a result, the CWIP as of 31.03.2020 comprising of ₹ 338.47 crores represents the capital outlay incurred on this project but which has not been capitalised due to this reason and has been carried as capital work in progress. Implementation of a major Greenfield project has significant risks more particularly there is a risk of cost overrun and also delay in generation of revenues expected out of this project.</p>	<ol style="list-style-type: none"> We assessed the appropriateness of company's capitalization policies including those relating to capitalization of project related expenses. We obtained an understanding of the principal reasons resulting into the delay. We also inspected the key loan agreements of the lenders so as to judge the possibility of deferment of the loan instalments matching with the delay in commissioning of the project, more particularly relating to the correspondences/communications with the key suppliers of machinery and equipments who were not in a position to deploy their engineers for the final commissioning, testing and commencement of production – more particularly the key German supplier who also sited force majeure as a reason for their inability for this purpose.

Independent Auditor's Report (Contd.)

Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the Standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the state of affairs (financial position), Profit or loss (financial performance including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

Independent Auditor's Report (Contd.)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS financial statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence; and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by section 197(16) of the Act, we report that the company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with schedule V to the Act. The remuneration paid to any director is not in excess of the limit laid down under section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
3. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit,
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books,
 - c. The standalone Balance Sheet, the standalone Statement of Profit and Loss including other Comprehensive Income, standalone Statement of Changes in Equity and the standalone Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e. On the basis of written representations, received from the directors as on 31st March, 2020 taken on record by the Board of Directors, none of the Directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164(2) of the Act.

- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure B”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the company’s internal financial control over financial reporting.

ANNEXURE B to the Independent Auditor's Report of Even Date to the Members of RUSHIL DECOR LIMITED on the Standalone Ind AS Financial Statements for the year ended on 31st March, 2020

Independent Auditor's Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the standalone Ind AS financial statements of **M/s RUSHIL DECOR LIMITED** ("the Company") as at and for the year ended 31st March, 2020, We have audited the internal financial controls over financial reporting of the company as of that date.

Management's Responsibility for Internal Financial Controls

The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the company's business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls over financial reporting and the Guidance Note issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating

effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

ANNEXURE B to the Independent Auditor's Report of Even Date to the Members of RUSHIL DECOR LIMITED on the Standalone Ind AS Financial Statements for the year ended on 31st March, 2020 (Contd.)

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2020,

based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

RUSHIL DECOR LIMITED (CIN : L25209GJ1993PLC019532)

A. DISCLOSURE OF ACCOUNTING POLICIES

(a) CORPORATE INFORMATION

The Company is a Public Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on The National Stock Exchange and The Bombay Stock Exchange. The Company is primarily engaged in manufacturing and sale of Laminate Sheets, Medium Density Fibre Board, Pre-laminated Medium Density Fibre Board boards, and Polyvinyl Chloride Board. The Company presently has manufacturing facilities at Itla, Mansa and Dholakuva in (Gujarat) and Chikkamagaluru (Karnataka).

(b) BASIS OF PREPARATION OF FINANCIAL STATEMENTS :

These Financial Statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under section 133 of the Companies Act, 2013 ("the Act") (to the extent notified) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

The Financial Statements have been prepared on the historical cost convention on accrual basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle. Accordingly, all assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in Ind AS 1 – 'Presentation of Financial Statements' and Schedule III to the Companies Act, 2013.

Accounting policies have been consistently applied consistently to all the periods presented in the financial statements.

The financial statements are presented in Indian Rupees ('INR'). Where changes are made in presentation, the comparative figures of the

previous year are regrouped and re-arranged accordingly.

(c) USE OF ESTIMATES :

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting year end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

(d) PROPERTY, PLANT AND EQUIPMENT:

- i) Property, Plant and Equipment are stated at original cost (net of tax/duty credit availed) less accumulated depreciation and impairment losses except freehold land which is carried at fair value. Cost includes cost of acquisition, construction and installation, taxes, duties, freight, other incidental expenses related to the acquisition, and pre-operative expenses including attributable borrowing costs incurred during pre-operational period.
- ii) Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to statement of profit and loss during the reporting period in which they are incurred.
- iii) Assets which are not ready for their intended use on reporting date are carried as capital work-in-progress at cost, comprising direct cost and related incidental expenses.
- iv) Property, Plant and Equipment including continuous process plants are depreciated and/or amortised on the basis of their useful lives as notified in Schedule II to the Companies Act, 2013. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. Depreciation is provided on

Notes to the Standalone Financial Statements (Contd.)

RUSHIL DECOR LIMITED (CIN : L25209GJ1993PLC019532)

straight line method over its useful life (as per schedule III of the Companies Act 2013)

- v) Depreciation in respect of additions to assets has been charged on pro rata basis with reference to the period when the assets are ready for use. The provision for depreciation for multiple shifts has been made in respect of eligible assets on the basis of operation of respective units.
- vi) An asset's carrying amount is written down immediately on discontinuation to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Profit/ Loss on Sale and Discard of Fixed Assets.
- vii) Useful lives of the Property, Plant and Equipment as notified in Schedule II to the Companies Act, 2013 are as follows :
 - Buildings - 30 to 60 years
 - Plant and Equipments - 15 to 25 years
 - Furniture and Fixtures - 10 years
 - Vehicles - 8 to 10 years
 - Office Equipments - 5 to 10 years
 - Others – Computer Hardware 3 to 6 years
- viii) At each balance sheet date, the Company reviews the carrying amount of property, plant and equipment to determine whether there is any indication of impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. The recoverable amount is higher of the net selling price and the value in use, determined by discounting the estimated future cash flows expected from the continuing use of the asset to their present value.

(e) INTANGIBLE ASSETS:

- i) Intangible assets acquired by payment e.g. Computer Software is disclosed at cost less amortization on a straight-line basis over its estimated useful life.
- ii) Intangible assets are carried at cost, net of accumulated amortization and impairment loss, if any.
- iii) Intangible assets are amortised on straight-line method as follows :

Computer Software - 5 years

- iv) At each balance sheet date, the Company reviews the carrying amount of intangible assets to determine whether there is any indication of impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. The recoverable amount is higher of the net selling price and the value in use, determined by discounting the estimated future cash flows expected from the continuing use of the asset to their present value.

(f) REVENUE RECOGNITION:

- i) Revenue comprises of all economic benefits that arise in the ordinary course of activities of the Company which result in increase in Equity, other than increases relating to contributions from equity participants. Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable.
- ii) Sale of Goods: Revenue from sales of goods is recognised upon transfer of control to the customers. Revenue shown in the Statement of Profit and Loss are excluding of inter-transfers, returns, trade discounts, cash discounts, Goods and Service Tax.
- iii) Services: Revenue from Services are recognised as and when the services are rendered.
- iv) Export incentives under various schemes are accounted in the year of export.
- v) Interest: Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

(g) EMPLOYEE BENEFITS:

- i) Short-term employee benefits are recognised as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which the related service is rendered.
- ii) Post Employment and Retirement benefits in the form of Gratuity are considered as defined benefit obligations and are provided for on the basis of third party actuarial valuation, using the projected unit credit

Notes to the Standalone Financial Statements (Contd.)

RUSHIL DECOR LIMITED (CIN : L25209GJ1993PLC019532)

method, as at the date of the Balance Sheet. Every Employee who has completed five years or more of service is entitled to Gratuity on terms not less favorable than the provisions of The Payment of Gratuity Act, 1972.

- iii) The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of reporting period on government bonds that have terms approximating to the terms of the related obligation.
- iv) Employee benefits in the form of Provident Fund is considered as defined contribution plan and the contributions to Employees' Provident Fund Organization established under The Employees' Provident Fund and Miscellaneous Provisions Act 1952 is charged to the Statement of Profit and Loss of the year when the contributions to the respective funds are due. The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid.

(h) VALUATION OF INVENTORIES

- i) The cost of inventories have been computed to include all cost of purchases, cost of conversion and other related costs incurred in bringing the inventories to their present location and condition. The costs of Raw Materials, Stores and spare parts etc., consumed consist of purchase price including duties and taxes (other than those subsequently recoverable by the enterprise from the taxing authorities), freight inwards and other expenditure directly attributable to the procurement.
- ii) Stock of Raw Materials are valued at cost and of those in transit and at port related to these items are valued at cost to date. Goods and materials in transit are valued at actual cost incurred up to the date of balance sheet. Material and supplies held for use in the production of inventories are not written down if the finished products in which they will be used are expected to be sold at or above cost.
- iii) Stock of Stores and spare parts, and Power

& Fuels are valued at cost; and of those in transit and at port related to these items are valued at cost.

- iv) Goods-in-process is valued at lower of cost or net realisable value.
- v) Stock of Finished goods is valued at lower of cost or net realisable value, and Stock at port is valued at Cost.
- vi) Stock-in-trade is valued at lower of cost or net realisable value.

(i) CASH FLOW STATEMENT:

- i) Cash flows are reported using indirect method, where by profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from regular revenue generating, financing and investing activities of the Company is segregated.
- ii) Cash and cash equivalents in the balance sheet comprise cash at bank, cash/cheques in hand and short term investments with an original maturity of three months or less.

(j) FINANCIAL ASSETS:

- i) The Company classifies its financial assets as those to be measured subsequently at fair value (through the standalone Statement of Profit and loss).
- ii) Trade receivables represent receivables for goods sold by the Company up to the end of the financial year. The amounts are generally unsecured and are usually received as per the terms of payment agreed with the customers. The amounts are presented as current assets where receivable is due within 12 months from the reporting date.
- iii) Trade receivables are impaired using the lifetime expected credit loss model under simplified approach. The Company uses a matrix to determine the impairment loss allowance based on its historically observed default rates over expected life of trade receivables and is adjusted for forward looking estimates. At every reporting date, the impairment loss allowance is determined and updated and the same is deducted from Trade Receivables with corresponding charge/credit to the standalone Statement of Profit and Loss.

Notes to the Standalone Financial Statements (Contd.)

RUSHIL DECOR LIMITED (CIN : L25209GJ1993PLC019532)

- iv) A financial asset is derecognised only when the Company has transferred the rights to receive cash flows from the financial asset, or when it has transferred substantially all the risks and rewards of the asset, or when it has transferred the control of the asset.

(k) FINANCIAL LIABILITIES:

- i) Borrowings are initially recognised and subsequently measured at amortised cost, net of transaction costs incurred. The transaction costs is amortised over the period of borrowings using the effective interest method in Capital Work in Progress up to the commencement of related Plant, Property and Equipment and subsequently under finance costs in the standalone Statement of profit and loss .
- ii) Borrowings are removed from balance sheet when the obligation specified in the contract is discharged, cancelled or expired.
- iii) Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.
- iv) Trade Payables represent liabilities for goods and services provided to the Company up to the end of the financial year. The amounts are unsecured and are usually paid as per the terms of payment agreed with the vendors. The amounts are presented as current liabilities unless payment is not due within 12 months after the reporting period.
- v) Financial assets and Financial Liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.
- vi) Derivative financial instruments are in the nature of Forward contracts. Forward contracts are executed to hedge the foreign exchange rate with respect to liabilities for goods and services in foreign currencies.
- vii) Derivative financial instruments are recognised initially and subsequently at fair value through mark to market valuation obtained from Forex Advisors. Gain or loss

arising from the changes in fair value of derivatives is debited to the foreign exchange fluctuations in the standalone statement of profit and loss.

(l) FAIR VALUE MEASUREMENT:

- i) The Company measures financial instruments such as derivatives at fair value at each balance sheet date.
- ii) The Company also measures Land at fair value at each balance sheet date.
- iii) Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company.
- iv) The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.
- v) A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.
- vi) The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.
- vii) The assets and liabilities which has been measured at fair value are, Derivatives and Land.

(m) FOREIGN CURRENCY TRANSACTIONS:

- i) The Company's financial statements are presented in Indian Rupees ('INR'), which is

Notes to the Standalone Financial Statements (Contd.)

RUSHIL DECOR LIMITED (CIN : L25209GJ1993PLC019532)

also the Company's functional currency.

- ii) Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction. At each balance sheet date, foreign currency monetary items are reported using the closing exchange rate. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rate are recognised as income or expenses in the period in which they arise.
- iii) Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

(n) LEASE

Operating Lease

As a lessee

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company, as lessee, are classified as operating leases. Payments made under operating leases are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases.

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the

Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

On transition, the Company has elected not to apply the requirements of Ind AS 116 to leases which are expiring within 12 months from the date of transition by class of asset and leases for which the underlying asset is of low value on a lease-by-lease basis. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

(o) BORROWING COSTS:

- i) Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds.
- ii) General and specific borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets during the period of time that is required to complete and prepare the asset for its intended use. A qualifying asset is one that takes necessarily substantial period of time to get ready for its intended use.
- iii) All other borrowing costs are expensed in the period in which they are incurred.

(p) ACCOUNTING FOR TAXES ON INCOME:

- i) Tax expenses comprise of current tax and deferred tax including applicable surcharge and cess.
- ii) Current Income tax is computed using the tax effect accounting method, where taxes are accrued in the same period in which the related revenue and expenses arise. A provision is made for income tax annually, based on the tax liability computed, after considering tax allowances and exemptions. Provisions are recorded when it is estimated that a liability due to disallowances or other matters is probable.
- iii) Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax

Notes to the Standalone Financial Statements (Contd.)

RUSHIL DECOR LIMITED (CIN : L25209GJ1993PLC019532)

bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profits against which the deductible temporary differences, and the carry forward unused tax credits and unused tax losses can be utilised.

- iv) The the carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it is become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on the tax rates and tax laws that have been enacted or substantively enacted at the reporting date.
- v) Deferred tax is recognised in the statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income. As such, deferred tax is also recognised in other comprehensive income.
- vi) Deferred Tax Assets and Deferred Tax Liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the Deferred Tax Assets and Deferred Tax Liabilities relate to taxes on income levied by same governing taxation laws.

(q) PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS:

- i) Provisions are made when (a) the Company has a present legal or constructive obligation as a result of past events; (b) it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and (c) a reliable estimate is made of the amount of the obligation.

- ii) Contingent liabilities are not provided for but are disclosed by way of Notes on Accounts. Contingent liabilities is disclosed in case of a present obligation from past events (a) when it is not probable that an outflow of resources will be required to settle the obligation; (b) when no reliable estimate is possible; (c) unless the probability of outflow of resources is remote.
- iii) Contingent assets are not accounted but disclosed by way of Notes on Accounts where the inflow of economic benefits is probable.

(r) CURRENT AND NON-CURRENT CLASSIFICATION:

- i) The Normal Operating Cycle for the Company has been assumed to be of twelve months for classification of its various assets and liabilities into "Current" and "Non-Current".
- ii) The Company presents assets and liabilities in the balance sheet based on current and non-current classification.
- iii) An asset is current when it is (a) expected to be realised or intended to be sold or consumed in normal operating cycle; (b) held primarily for the purpose of trading; (c) expected to be realised within twelve months after the reporting period; (d) Cash and cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.
- i) An liability is current when (a) it is expected to be settled in normal operating cycle; (b) it is held primarily for the purpose of trading; (c) it is due to be discharged within twelve months after the reporting period; (d) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. All other liabilities are classified as non-current.

(s) GOVERNMENT GRANTS

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are

Notes to the Standalone Financial Statements (Contd.)

RUSHIL DECOR LIMITED (CIN : L25209GJ1993PLC019532)

expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected remaining useful life of the related asset.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to the standalone statement of profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual instalments.

(t) SEGMENT REPORTING:

- i) Operating Segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). The CODM assesses the financial performance and position of the Company, and makes strategic decisions. The CODM consists of the Chairman, Managing Director, Chief Executive Officer and Chief Financial Officer.
- ii) The Company's operating businesses are organised and managed separately according to the nature of products, with each segment representing a strategic business unit that offers different products and serves different markets. The identifiable segments are Manufacturing and Sale of (a) Decorative Laminated Sheets (b) Medium Density Fibre Board and (c) Polyvinyl Chloride Board.
- iii) The analysis of geographical segment is based on the geographical location of the customers. The geographical segments considered for disclosure are (a) Sales within India include sales to customers located within India; (b) Sales outside India include sales to customers located outside India.
- iv) Common allocable costs are allocated to each segment according to the ratio of their respective turnover to the total turnover.
- v) The Unallocated Segment includes general corporate income and expense items, which are not allocated to any business segment.

(u) RELATED PARTY TRANSACTIONS:

- i) A related party is a person or entity that is related to the reporting entity preparing its financial statements
- (a) A person or a close member of that person's family is related to reporting entity if that person;

- (i) has control or joint control of the reporting entity;
 - (ii) has significant influence over the reporting entity; or
 - (iii) is a member of the key management personnel of the reporting entity or of a parent of the reporting entity.
- (b) An entity is related to a reporting entity if any of the following conditions applies;
- (i) the entity and the reporting entity are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others);
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member);
 - (iii) Both entities are joint ventures of the same third party;
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity;
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the reporting entity or an entity related to the reporting entity;
 - (vi) The entity is controlled or jointly controlled by a person identified in (a);
 - (vii) A person identified in (a)
 - (i) Has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity);
 - (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the reporting entity or to the parent of the reporting entity.
- ii) A related party transaction is a transfer of resources, services or obligations between a reporting entity and a related party, regardless of whether a price is charged.

Close members of the family of a person are those family members who may be expected

Notes to the Standalone Financial Statements (Contd.)

RUSHIL DECOR LIMITED (CIN : L25209GJ1993PLC019532)

to influence, or be influenced by, that person in their dealings with the entity.

Compensation includes all employee benefits i.e. all forms of consideration paid, payable or provided by the entity, or on behalf of the entity, in exchange for services rendered to the entity. It also includes such consideration paid on behalf of a parent of the entity in respect of the entity.

Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any director (whether executive or otherwise) of that entity.

- iii) Disclosure of related party transactions as required by the accounting standard is furnished in the Notes on the Standalone Financial Statements.

(v) EARNINGS PER SHARE:

- i) Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.
- ii) For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(w) EXPENSES FOR CORPORATE SOCIAL RESPONSIBILITY:

- i) In case of CSR activities undertaken by the Company, if any expenditure of revenue nature is incurred or an irrevocable contribution is made to any agency to be spent by the latter on any of the activities mentioned in Schedule VII to the Companies Act, 2013, the same is charged as an expense to its Statement of Profit and Loss.
- ii) In case, the expenditure incurred by the Company is of such a nature which gives rise to an asset, such an asset is recognised where the Company retains the control of the asset and any future economic benefit

accrues to it. A liability incurred by entering in to a contractual obligation is recognised to the extent to which CSR activity is completed during the year.

(x) CRITICAL ACCOUNTING JUDGMENTS, ASSUMPTIONS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of the Standalone Financial Statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities at the date of the financial statements. Estimates and assumptions are continuously evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

a) Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the standalone financial statements:

(i) Determination of Functional Currency

Currency of the primary economic environment in which the Company operates ("the functional currency") is Indian Rupee (₹) in which the Company primarily generates and expends cash. Accordingly, the Management has assessed its functional currency to be Indian Rupee (₹).

(ii) Evaluation of Indicators for Impairment of Property, Plant and Equipment

The evaluation of applicability of indicators of impairment of assets requires assessment of external factors (significant decline asset's value, significant changes in the technological, market, economic or legal environment, market interest rates

Notes to the Standalone Financial Statements (Contd.)

RUSHIL DECOR LIMITED (CIN : L25209GJ1993PLC019532)

etc.) and internal factors (obsolescence or physical damage of an asset, poor economic performance of the asset etc.) which could result in significant change in recoverable amount of the Property, Plant and Equipment.

b) Assumptions and Estimation Uncertainties

Information about estimates and assumptions that have the significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may differ from these estimates.

(i) Useful lives of Property, Plant and Equipment/Intangible Assets

Property, Plant and Equipment/ Intangible Assets are depreciated/amortised over their estimated useful lives, after taking into account estimated residual value. The useful lives and residual values are based on the Company's historical experience with similar assets and taking into account anticipated technological changes or commercial obsolescence. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation/amortisation to be recorded during any reporting period. The depreciation/amortisation for future periods is revised, if there are significant changes from previous estimates and accordingly, the unamortised/depreciable amount is charged over the remaining useful life of the assets.

(ii) Contingent Liabilities

In the normal course of business, Contingent Liabilities may arise from litigation and other claims against the Group. Potential liabilities that are possible but not probable of

crystallising or are very difficult to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the Notes but are not recognised. Potential liabilities that are remote are neither recognised nor disclosed as contingent liability. The management decides whether the matters need to be classified as 'remote', 'possible' or 'probable' based on expert advice, past judgements, experiences etc.

(iii) Evaluation of Indicators for Impairment of Property, Plant and Equipment

The evaluation of applicability of indicators of impairment of assets requires assessment of external factors (significant decline in asset's value, economic or legal environment, market interest rates etc.) and internal factors (obsolescence or physical damage of an asset, poor economic performance of the idle assets etc.) which could result in significant change in recoverable amount of the Property, Plant and Equipment and such assessment is based on estimates, future plans as envisaged by the Company.

(iv) Provisions

Provisions and liabilities are recognised in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

*On the basis of the initial response received by the company, the company is confident that the lenders of these loans will also defer the repayment period as requested by the company in line with the other term loans lender, Bank of Baroda. Hence, on this assumption the term loan instalment falling due as of 15.12.2020, as per the original repayment schedule, has not been regarded as current maturity of long term debt but the same has been continued to be shown as a part of long term debt only.

(ii) Fair Value Measurement

This note provides information about how the Company determines fair values of various financial assets. Fair Value of financial assets and liabilities that are not measured at fair value (but fair value disclosures are required). Management considers that the carrying amounts of financial assets and financial liabilities recognized in the financial statements approximate their fair values.

(iii) Financial Risk Management Objectives

While ensuring liquidity is sufficient to meet Company's operational requirements, the Company's financial management committee also monitors and manages key financial risks relating to the operations of the Company by analyzing exposures by degree and magnitude of risks. These risks include market risk (including currency risk and price risk), credit risk and liquidity risk.

Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate, currency risk and other price risk, such as commodity price risk and equity price risk. Financial instruments affected by market risk include FVTPL investments, trade payables, trade receivables, etc.

Interest Rate Risk

The Company's interest rate risk arises from the Long Term Borrowings with fixed rates. The Company's fixed rates borrowings are carried at amortised cost.

Liquidity Risk

The Company manages liquidity risk by maintaining sufficient cash and cash equivalents including bank deposits and availability of funding through an adequate amount of committed credit facilities to meet the obligations when due.

Management monitors rolling forecasts of liquidity position and cash and cash equivalents on the basis of expected cash flows. In addition, liquidity management also involves projecting cash flows considering level of liquid assets necessary to meet obligations by matching the maturity profiles of financial assets & liabilities and monitoring balance sheet liquidity ratios.

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The information included in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables).

Trade Receivables

An impairment analysis is performed at each reporting date on an individual basis for all the customers. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of trade receivables disclosed in Note 4 and 8, as the Company does not hold collateral as security. The Company has evaluated the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries.

The Company has a detailed review mechanism of overdue customer receivables at various levels within organization to ensure proper attention and focus for realization.

42 OPERATING SEGMENT :

a) **Decorative Laminated Sheets**

b) **Medium Density Fiber Board**

c) **Polyvinyl Chloride Boards**

Identification of segments:

The chief operational decision maker monitors the operating results of its business segment separately for the purpose of making decision about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements. Operating segment has been identified on the basis of nature of products and other quantitative criteria specified in the Ind AS 108.

Segment revenue and results:

The expenses and income which are not directly attributable to any business segment are shown as unallocable expenditure (net of allocable income).

Segment assets and Liabilities:

Segment assets include all operating assets used by the operating segment and mainly consist of property, plant and equipment, trade receivables, inventories and other operating assets. Segment liabilities primarily include trade payable and other liabilities. Common assets and liabilities which cannot be allocated to any of the business segment are shown as unallocable assets / liabilities.

Inter segment transfer:

Inter segment revenues are recognized at sales price. The same is based on market price and business risks. Profit or loss on inter segment transfer are eliminated at the group level.

Note: The remuneration of directors and other member of Key Management Personal during the year is short term benefits.

43 In the opinion of the board, current assets, loans and advances are approximately of the value if realized in the ordinary course of business.

44 DISCLOSURES REGARDING EMPLOYEE BENEFITS

As per Indian Accounting Standard 19 “Employee Benefits” the disclosures are given below:

Defined Contribution Plan

Contribution to defined contribution plan, recognized as expense for the year is as under:

(Amount in ₹)

Particulars	2019-20	2018-19
Employers contribution to provident fund	82,20,064/-	72,45,924/-

(i) **Defined Contribution Plan:** Employee benefits in the form of Provident Fund are considered as defined contribution plan and the contributions to Employees Provident Fund Organization established under The Employees Provident Fund and Miscellaneous Provisions Act 1952 and Employees State Insurance Act, 1948, respectively, are charged to the profit and loss account of the year when the contributions to the respective funds are due.

(ii) **Defined Benefit Plan:** Retirement benefits in the form of Gratuity are considered as defined benefit obligation and are provided for on the basis of third party actuarial valuation, using the projected unit credit method, as at the date of the Balance Sheet.

Every Employee who has completed five years or more of service is entitled to Gratuity on terms not less favorable than the provisions of The Payment of Gratuity Act, 1972.

As the Company has not funded its liability, it has nothing to disclose regarding plan assets and its reconciliation.

(iii) Major risk to the plan

I have outlined the following risks associated with the plan:

A. Actuarial Risk:

It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:

Adverse Salary Growth Experience: Salary hikes that are higher than the assumed salary escalation will result into an increase in Obligation at a rate that is higher than expected.

Notes to the Standalone Financial Statements (Contd.)

RUSHIL DECOR LIMITED (CIN : L25209GJ1993PLC019532)

Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption than the Gratuity Benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cash flow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

Variability in withdrawal rates: If actual withdrawal rates are higher than assumed withdrawal rate assumption than the Gratuity Benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

B. Investment Risk:

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

C. Liquidity Risk:

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign/retire from the Company there can be strain on the cash flows.

D. Market Risk:

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate/government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

E. Legislative Risk:

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation/regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

RUSHIL DECOR LIMITED (CIN : L25209GJ1993PLC019532)

51 During the year 2018-19, the Company had issued 190372 equity share of ₹ 10 each at a premium of ₹ 935/- each on preferential basis to Mr. Rakesh Arora (No of shares 105822) and Mr. Manish Srivastava (No of Shares 84550) on 28th April 2018. The company has received share application money from Mr. Manish Srivastava who based in Singapore. Mr. Manish Srivastava has given Share application money of ₹ 7,99,00,000/-, while remitting the fund, in the FIRC (Foreign Inward Remittance Certificate), but due to technical error there was a mistake in filing form with authority, by mistake it was written as Repayment of loan instead of Share application money and hence the same requires correction from the remitting bank of Mr. Manish Srivastava. Mr. Manish Srivastava was allotted 84550 equity shares of ₹ 10 each at premium of ₹ 935 making total allotment including premium of ₹ 7,98,99,750/- and hence there was a surplus of ₹ 250/- which the Company has asked their banker to refund the said amount to Mr. Manish Srivastava but because of non-compliance of submitting Form FC-GPR to be filed by collecting bank i.e. Axis Bank with Reserve Bank of India, this amount could not be refunded. In spite of repeated reminder to the shareholder Mr. Manish Srivastava, has not got its FIRC Corrected and hence due to the technical difficulty faced by the Company and due to no fault on the part of the Company the said Share application money to the extent refundable is not treated as Violation of Section 73 of the Companies Act, 2013. Till the date of signing the audit report the said Share application Money of ₹ 250/- is lying with Axis Bank as non-refunded to shareholder. Thus company has shown ₹ 250/- as share application money (Refundable) under the head “Other Financial Liabilities” in note No 22 of Notes forming part of Standalone financial statement.

52 The outbreak of COVID-19 pandemic globally and in India is causing significant disturbance and slow down of economic activity, COVID 19 has caused interruption in production, supply chain disruption, unavailability of personnel, etc. during last week of March, 2020 and thereafter. The management of the Company has exercised due care in concluding significant accounting judgments and estimates in preparation of the financial results In assessing the recoverability of Trade receivables, the Company has considered subsequent recoveries, past trends, credit risk profiles of the customers and internal and external information available up to the date of issuance of these financial results. In assessing the recoverability of inventories, the Company has considered the latest selling prices, customer orders on hand and margins. Based on the above assessment, the Company is of the view that the carrying amounts of Trade receivables and inventories are expected to be realisable to the extent shown in the financial results The impact of COVID-19 may be different from the estimates as at the date of approval of these financial results and the Company will continue to closely monitor the development.

53 The Company has elected to exercise the option permitted u/s 115BAA of the Income- tax Act, 1961 as introduced by the Taxation Laws (Amendment) Ordinance, 2019. The Company has accordingly recognized Provision for Income tax for the year ended 31st March, 2020 and re-measured its net Deferred Tax Assets and Liabilities basis the rate prescribed in the said section. The impact of this change has been recognized in the Statement of Profit and Loss for the year ended 31st March, 2020.
